## MOTORIZED CYLINDER CARTS

When the job calls for pushing, pulling, and turning a heavy load, an investment in a **motorized cylinder cart** gives you an ergonomic solution for delivering and transporting industrial and medical gases. With standard payload capacities up to 2,000 pounds, our products help you get the job done, **PRODUCTIVELY** and **SAFELY**.

Motorized cylinder carts offer an injury-preventing ergonomic solution for delivering and transporting industrial and medical gases in the following industries:

- Healthcare
- Pharmaceuticals
- Aerospace
- Oil & Gas
- Petrochemicals
- Chemicals
- Power Generation
- Mining
- Steel
- Metals
- Environmental Protection
- Food
- Water
- Fertilizer
- Electronics

When the job calls for pulling, pushing, lifting or turning, our products help you get the job done **safely**.

# MEDICAL CYLINDER CARTS

## SIMPLE & ERGONOMIC

Easy-to-use controls for motorized movement through crowded hallways and up and down ramps.

## QUIET

Electric drive system and cylinder rack with protective coating are designed for quiet transport of cylinders.

## SAFE

Built-in safety features including automatic brake and dead-man stop minimize the possibility of accidents and damage.

## CUSTOMS AVAILABLE

Learn more about medical cylinder carts at <http://www.ek-tech.com/products/medical-gas-cylinder-carts/>

Built upon the motorized platform cart line, these units feature a steel cylinder rack with available protective coating. This plasticized layer eliminates any damage to the cylinders and reduces the noise during transportation through hospitals and labs.

**Use the table below to select the medical cylinder cart solution that is best for your application.**

Model #	Cylinder Capacity	Protective Coating
MGC-S24	24	No
MGC-M32	32	No
MGC-L40	40	No
MGC-XL48	48	No
MGC-S24C	24	Yes
MGC-M32C	32	Yes
MGC-L40C	40	Yes
MGC-XL48C	48	Yes

## FEATURES

- Move any M7, M9, C, D, or E cylinders
- Sizes for 24, 32, 40, or 48 cylinder capacity
- Safety features include:
  - Brake prevents roll back on inclines
  - Dead man stop
  - Keyed power on/off lock
  - Horn
  - Emergency stop

When the job calls for pulling, pushing, lifting or turning, our products help you get the job done **safely**.

# 2010 UPRIGHT CYLINDER CART

## SIMPLE & ERGONOMIC

Easy-to-use controls for motorized movement over distances and up and down ramps.

## SMALL FOOTPRINT

Compact design makes this cart close in size to an equivalent manual cart.

## HIGHLY MANEUVERABLE

Motor wheel linked to tiller gives this a unit a tight turning radius.

## CUSTOMS AVAILABLE

Learn more about these cylinder delivery carts at <http://www.ek-tech.com/products/2010-cylinder-delivery-cart/>

The Pony Express Motorized 2010 Cylinder Delivery Cart safely moves a single liquid gas cylinder or up to four K-size cylinders over impediments and inclines. This manual loading ergonomic motorized cylinder trolley has large elastomer tread wheels and an ultra-quiet motorized drive system to safely and quietly maneuver cylinders in tight spaces.

## FEATURES

- Single liquid gas cylinder or up to four K-size cylinders.
- Up to 10 miles of operation between charges
- Automatic brake to prevent rollback
- Industrial, medical & commercial use
- Regenerative dynamic braking ensures a controlled stop at any speed
- Horn & emergency stop button

*footprint  
comparable to  
a manual cart.*
